

# Hidden Treasure

Words & Music by: Divine Attraction

## Verse 1:

Through your mercy  
We will not lose heart  
We give up secret and shameful ways  
To bring you out in the open

## Pre-Chorus:

This is a life worth giving out  
Let's light up the darkness now  
Bringing hope in your name

## Verse 2:

In a dark place  
Let it shine so bright  
We take off the things  
That would dim this love  
To bring you out in the open

## Chorus:

This hidden treasure  
Found inside my heart  
Must come out  
It must come out now  
This hidden treasure  
That I have can change the world  
It must be spoken  
It must come out now
