

One Undivided

Words & Music by: Divine Attraction

Verse 1:

The world and I don't feel the same
With different backgrounds and different names
The purpose still remains the same
Being unified

Verse 2:

I'm setting aside what I see
Father open my eyes to unity
No separation is found here
You're glorified

Chorus:

Let your love come down
Let your glory be the sound
As the Earth unites to sing
You are all I need
You are all I need

Verse 3:

We shall be your hands and feet
Eager to keep the bond of peace
Together we're stronger than us alone
One body to serve the Lord

Bridge:

Unified Lord
With one sight for
Us to be, us to see, one undivided
