

# One in a Million

Words & Music by: Divine Attraction

## Verse 1:

Your hand in mine  
Love like one in a million  
Your world through my eyes  
Brings a hope and a revelation  
To be more like you  
And more like one in a million  
I wanna be, I wanna be more like you

## Pre-Chorus:

And I've found a love  
That no one can take away  
And I've found a love  
That no one can take away

## Verse 2:

To be more like you  
And more like one in a million  
I wanna be, I wanna be more like you

## Chorus:

This love is raining down on me  
And I know, yeah I know  
As hearts colloid  
We're gonna shout out loud  
That we know that it's you

## Bridge:

My heart is set  
My life is full of  
A love that never ends  
You are my love  
None else compares to  
The love I've found in you
